

Ideation Phase

Define the Problem Statements

Date: 24 June 2026

Project Name: Visualization Tools for Electric Vehicle Charge and Range Analysis

Problem Statement	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	EV Owner	Find nearby charging stations and compare EV range	Information is scattered across different sources.	There is no single platform providing clear EV charging and range analysis.	Confused while planning trips.
PS-2	Researcher / Policy Maker	Analyze EV brands and charging infrastructure	Raw data is difficult to interpret.	There are no interactive dashboards for quick analysis.	Unable to make informed decisions quickly.
